

# Travel Requirements

\*requirements subject to change\*

## Documents

**\*\*REQUIRED FOR TRAVEL\*\***

**PASSPORT** - You must have a valid passport in order to travel abroad. Your passport is not included in the price of the trip and must be acquired prior to submitting visa documents.

**VISA** – Hope2 will take care of submitting your visa documents to the Embassy.

## MEDICAL

Shots are not included in the price of the trip and are the responsibility of each team member. Please consult your doctor before receiving any shots. Prices are based off the local health department in Muncie, Indiana and may differ depending on where you are receiving your shots.

**\*\*REQUIRED FOR TRAVEL\*\***

**YELLOW FEVER \$160** – This shot is good for a lifetime. You may need a prescription from your doctor stating you are “non-immuno compromised”. Currently, there is a back order of Yellow Fever vaccines. Please contact your doctor or local health department to schedule the immunizations as soon as possible.

**\*\*RECOMMENDED FOR TRAVEL\*\***

**HEP A (Adult) \$82**

**HEP B (Adult) \$66**

**Twinrix (Both HEP A & B) \$108 Each**

This is a series of 3 shots. The first 2 are given one month apart and the last one is given 5 months after the second.

**Tetanus \$48**

**TDAP – (Tetanus, Diphtheria, Pertussis) \$55**

**Typhoid Fever \$120**

This shot lasts for 2 years and is given closer to the time of the trip. Can also be taken as an oral medication with a prescription from your doctor. The oral version is a 5 year protection.

**Malaria Pills –**

You will need to get a prescription from your doctor to get malaria pills. You will take these starting before we leave, during the trip, and after you return. We recommend Doxycycline or Mefloquine.
